More than 4,000 delegates and alternates jammed the Macon City auditorium for a wide-open rally to place the name of Eugene Talmadge in nomination as the democratic candidate for governor in the November general election.

The address, offering Talmadge for his third term as governor of Georgia, was made by T. Hicks Fort, Columbus attorney. Seconding speeches were made by B. S. Miller, of Marion county; the Rev. William H. Crouse, of Fulton county; and Charles D. Bruce, of Fulton county.

Delegates attending the Macon convention from Statesboro and Bulloch county were: William H. Crouse, chairman; Arthur Howell, F. I. Williams, H. G. Banks, Bub Lanier, Bill H. Simmons, H. E. Cartledge, B. H. Ramsey, J. J. E. Anderson, Roger Holland, W. G. Neville, Glenn Bland, Laurie F. Simmons, Harry S. Atkins, Dr. D. L. Deal, James F. Coleman and Leodel Coleman.

(Editor's Note: As this paper went to press the following wire was received from Editor Leodel Coleman, who attended the Macon convention:

(Crouse did not get to make seconding speech because Talmadge went on radio at 2:30. Talmadge pledge support to statesboro in Southeast Georgia and administration. Asks for two-year term for governor. Every seat in auditorium filled. Hundred delegates from Bulloch county.)

The Southwell, animal husbandry at the station, will give the place of live stock in the farm program as found in this area and to what extent the farmer can depend on cattle, hogs and other live stock for a source of income.

Mr. Pulliam recommended that a normal seedling of oats, rye, wheat or barley, or a mixture of these small grains be put on an acre and the winter peas or vetch be added extra for grazing and soil-building purposes. These plantings should be made between Oct. 1 and Oct. 15 for the best results and be planted deep enough in the soil to prevent the incoincidence from drying on the winter legume seed.

Conditions such as existed in Bulloch county last spring can be prevented if ample grazing is provided for now. Mr. Pulliam stated. It will be remembered that very little hay was available last spring for the cattle when the cold weather was at its worst, and not enough grazing provided to prevent heavy losses from starvation.

The winter legume, which was not trodden and humus to the soil which will increase the corn yields for 1941, according to Mr. Pulliam.

The home-makers will hold a session of their own during the forenoon. In the afternoon a special musical program for about ninety minutes and an address by R. G. Le Tourneau will be featured.

This Week's Sentence Sermon:

Some men at the approach of a dispute neigh like horses. Unless there be an argument, they think nothing is doing. Some talkers excel in the precision with which they formulate their thoughts, so that you get from them somewhat to remember; others lay criticism asleep by a charm. Especially women use words that are not words—as steps in a dance are not steps—but reproduce the genius of that they speak of, as the sound of some bells make as they ring in the bell tower, while the church chimes in the distance bring the church and its serious memories before us.—Emerson.

"FIRST LINE OF DEFENSE"

EVERY NEWSPAPER in the United States is setting aside the week of October 3-5 as a week in which to make people conscious of newspaper service. The week will be known as National Newspaper Service Salute.

This is not just another "week" but one that is set aside with the earnest hope that everyone may stop and consider carefully his own newspaper, with its faults and its virtues, and help us to become better qualified to serve the communities in which we circulate.

Newspapers are the very life-blood of every civic enterprise. The amount of space we devote to civic, religious, and educational activities alone indicates what it means to our community. Without newspapers, it would be almost impossible to function as a group. Free and uncontrolled newspapers are the safeguard of Democracy. Without them, dictators are enabled to rise.

But the newspapers can only be what the public wants them to be, because newspapers are entirely dependent upon public financial support. Consider your newspaper as your own mouthpiece, and lend your criticisms, your suggestions, and your support to make it a better representative of your community.

What do you think of your newspaper? The Bulloch Herald will be glad to have you write us your criticisms, your suggestions for improvement, and your general ideas. Whether good or bad, we would like to publish your comments.

YOUR OPINION . . . IT COUNTS—IN AMERICA

IN THIS COUNTRY—your opinion counts. We're not ruled from the top down—we're ruled from the bottom up. Our political decisions at the top owe their power as a sacred trust to the will of the majority of the people. The people never permit them to lose sight of that—that is Democracy.

But Democracy for successful permanent operation calls for an informed, intelligent, common-sense people capable of judging the truth and competent to discern incompetency in public office when it appears.

For more than a century and a half, the principles of democracy upon which all governments in this country—local, state and national—are founded, have succeeded in operating to the advantage

of the people and the country as a whole in the creation of a standard of living and an order of free society, unsurpassed in the entire history of mankind.

The success of this democracy is due to the extreme and uncanny foresight of the true and unselfish patriots who conceived the system of balance in power between executive, legislature and judicial; and the extraordinary wisdom of the people acting through their chosen representatives; and the numerous side-aisles and safeguards set up and evolved with the passage of time.

All these side-aisles and safeguards cannot be pointed out here. But mention can be made briefly of two—(1) Education of the People; (2) Freedom of the Press.

The part played by the little red schoolhouse and its counterpart in modern America, our high schools, colleges, business schools, trade schools, and numerous other educational forms, is one of the rocks upon which this democracy is built.

And Freedom of the Press, along with its counterpart, Freedom of Speech, carries a mighty load in that enduring foundation, too. A people with the foresight to provide adequate, universal, popularly supervised education; and then the right for individual expression of opinions that emerge from such a mentally trained and equipped electorate, has provided its citizens with a system of living which if adequately protected assures ultimately a maximum of happiness and individual satisfaction for all.

During the political campaigns of this presidential election year in America, men will dare to get up and say just what they think of any and every candidate for public office; and the people will judge the opinions of those speakers by that strange co-ordination of common sense which permits them to see through any attempted lies, inaccuracies, shams and personal abuses that are unfair and do not ring true. For this is America; and here your opinion counts.

And in forming your opinions, one of your first sources, whether you agree politically or in any other way, should be the editorial pages of newspapers. There, through the constitutional right of Freedom of the Press in America, you can count on at least conscientious guidance. And remember . . . YOUR OPINION . . . it counts in America.

ARNALL PAYS TRIBUTE TO NEWSPAPERS

ATTORNEY-GENERAL ELLIS ARNALL, who has been the spear-head in the fight launched in Georgia against un-American and subversive activities, this week paid high tribute to the part newspapers and the press have played in exposing subversive activities and in encouraging reverence for American ideals, institutions and traditions.

"An enlightened populace, a people who know the truth, never become victims of subversive influences which seek to destroy and overthrow orderly democratic constitutional government," he said. "In all instances in which subversive and un-American agents have been ferreted out, the first weapon used against them is the searchlight of publicity. The newspapers have always allied themselves with the patriotic forces of Americanism."

"The newspapers are playing a vital part in the war against treacherous foreign doctrines which are trying to gain a foothold in this country. They might well be deemed our first line of defense against un-American and insidious doctrines which seek to destroy America and the American way of life."

SOMETHING TO BE PROUD OF

TO FAIL TO RECOGNIZE and give credit to two Statesboro High School Bands would be tragic.

What town in Georgia can boast of having two High School Bands that could be compared with those we have? None.

Those of you who attended the first football game last Friday night saw two of the best drilled and capable groups of musicians in the state. We are all proud of this organization and they deserve lots of credit. A football game without a couple of bands lacks proper color. We all like to hear a band. It stirs your blood.

To Mrs. Roy Green, president of the Band Club, and Mrs. B. B. Morris, secretary, we take off our hats and say you have done a wonderful job. They worked hard to get money enough to buy all the instruments the boys and girls use.

To Marion Carpenter, director of the Band, congratulations!

Words Of Wisdom . . .

Christians are directed to have faith in Christ as the effectual means of obtaining the change they desire.—Franklin.

There is little pleasure in the world that is true and sincere besides the pleasure of doing our duty and doing good. I am sure no other is comparable to this.—Tillotson.

Curiosity is a kernel of the forbidden fruit, which still stings the throat of a natural man, sometimes to the danger of his choking.—Fuller.

THE EDITOR'S UNEASY CHAIR . .

THE ALMANAC THIS WEEK SAYS THE WEATHER ON THURSDAY, OCT. 3, WILL BE RAINY. FRIDAY, OCT. 4, WILL BE CLEAR AND PLEASANT. SATURDAY, OCT. 5, WILL BE SCATTERED RAINS. SUNDAY, OCT. 6, THERE WILL BE RAIN. MONDAY, OCT. 7, IT WILL BE CLEAR AND COLDER. TUESDAY, OCT. 8, STORMY. MOON IN FIRST QUARTER. WEDNESDAY, OCT. 9, THERE WILL BE RAIN. BUT DON'T BLAME US IF THE ALMANAC IS WRONG.

DIDN'T THAT blanket feel good Thursday night? AND IF YOU'RE not careful you'll be buying the county a new pair of big front doors for that big front door on the west side of the court house. We were visitors (just in to see Judge McCroan) in the court house Friday and when that door slammed behind us we ducked. We saw Fred Hodges and stated that if it broke behind us we would swear that we were out of the county that day.

SURPRISE! "Clark Gable makes me so mad I could kill him—he's so mean to the girls, who fall in love with him." That confession comes from a girl here in Statesboro. We overheard her make it and we just wonder if what she said doesn't explain, to a large degree, Mr. Gable's power at the box office. For many a gal pays to see Mr. Gable be "mean to the girls." They must love it. (We make a mental note to let him know in his next movie.)

HOMER MELTON, first lieutenant in Uncle Sam's National Guard, is remembered by his outfit's assignment at Hinesville. He is expected to leave about Nov. 25. Homer was telling us how Uncle Sam insists on all his soldiers boys paying their debts. We agreed that the draft might give them some sunshine in it after all. If some of those who owe us money are

caught by the draft and work for Uncle Sam for a year they may get in the habit of paying up. Then when they come back they just continue the good habits they learn while in the army. These

thoughtful Americans are greatly concerned today with the word, "Democracy." Sensing the irrefutable fact that the word conflict now raging has resolved itself into a death struggle between democracy as a way of life on the one hand and alien "isms" on the other, the American people are attempting to get into specific and understandable language those principles of our living which hitherto they have been content to refer to vaguely as "Americanism" or "the American way of life."

It was Autumn, and incessant Piped the quails from shocks and waves. And, like living coils, the apples Burned among the withering leaves. —Longfellow.

THE MAN OF THE WEEK

LAND is the only permanent thing in the world. All other substance decomposes and returns to the Land, thus enriching the Soil, which produces the sustenance of all life. A piece of Land an acre square day will be the same size a million years from now, while all else around it will return to dust.

When we think of land in Statesboro and Bulloch county we think of Chas. E. Cone, our Man-of-the-Week this week.

For twenty-five years, Charles Cone has lived close to the land of this county. We venture to say that there is no greater good to the greatest number in the county who knows more about the land in this county. This knowledge comes from a deep love of the land of his birth.

Charles Emile Cone was born Oct. 20, 1879, at Ivanhoe, the son of James Basil Cone and Mrs. C. Cone. Before graduating at the Eastman National Business College, of Poughkeepsie, N. Y., in 1900, Mr. Cone attended the University of Georgia.

His career began when he and Perry Kennedy bought out Aaron Roselle in 1904. Mr. Cone later sold his interest to Mr. Kennedy and he and Homer C. Parker bought the J. F. Fields bottling plant, which they sold to Mr. Kennedy and R. H. Donaldson. He then bought the B. E. Turner company, a mercantile business, and five years after the purchase

death of Mrs. Mary C. Cone he married Eugenia Melton, daughter of Mr. and Mrs. J. W. McLane of Fitzgerald. By this marriage there is one daughter, Betty Jean. For thirty-six years, Charles Cone has served on the board of trustees of the Statesboro Methodist church, where he has been a member for forty-eight years. He has been a member of the Masonic lodge for thirty-nine years. He was a charter member of the old Ad club, now the chamber of commerce, and one year president. He is a charter member of the Statesboro Rotary club and serves on a number of committees. He is chairman of the Red Cross for this year, 1940.

In 1905 Charles Cone was first lieutenant and commanding officer of Company A, First Georgia Regular Infantry, Georgia State Troop.

A contemplation of God's works, a generous concern for those who are less fortunate, the unfeigned exercise of humility only, denominated great men.

Dr. Julian Kottelbaum, of Savannah, was a business visitor in the city last Friday.

Mrs. Shelton Paschal, who has been ill in Savannah for several weeks, will be visiting in town by her mother, Mrs. A. L. DeLoach, Thursday.

Mr. and Mrs. Hamp Smith entertained the Sunday school teachers of the Methodist church at their home Friday night. Plans for the year's work were discussed by the superintendent, F. W. Hughes, and the pastor, Rev. P. J. Jordan. After the business session Mrs. Smith served dainty refreshments.

Monday afternoon Mrs. Joel Minick entertained the ladies of the Baptist Missionary society with a silver tea. She was assisted by Mrs. P. B. Beard, Mrs. Fontaine, Mrs. R. H. Warnock and Mrs. John Belcher. The silver tea was donated will be used for church fund. During the social hour Mrs. Minick served lovely refreshments.

Non was the statement sufficient. Fearful that posterity would misunderstand their concept of democracy and accept as final and absolute values the ideas which they had laid down in the Declaration of Independence, Jefferson and his colleagues went so far as to say that, when any government failed to make possible for its people life, liberty and the pursuit of happiness, it was the right and duty of that people to change their government—little or much as the public good seemed to demand. The American people have enjoyed the privilege of changing the policies of their governments and the concepts of "right and wrong," "good and bad," "wise and unwise." In every walk of life American is attempting to define democracy, believing rightly that that no value was sacred when the public welfare was at stake! That is the value which American people have always placed on freedom of speech must be redefined in times of national crisis. Men's New Club, 'Fifty and Five' Plan Halloween Party

A new type of social organization came into being when a group of men met Monday evening of this week and named themselves The Fifty and Five.

The fact that there is no organization in the group makes it unique. There is no president, no secretary, no treasurer, no officers of any sort. They held only one meeting a year. Their social calendar will remain fixed and will contain only two parties a year—one, a masquerade on Halloween, and one on New Year's eve, to be formal.

At the meeting Monday night Jim Coleman was delegated to name the "host committee" to plan the party on Halloween. A new committee will be named to plan the New Year's eve party.

The group's name is the key to its organization—The Fifty and Five—fifty charter members and five new members a year. The "host committee" is all powerful and will be responsible for each party assigned to it.

The "host committee" named by Mr. Coleman for the Halloween party, to be held on Thursday evening, Oct. 31, includes Roy Green, chairman; Bert Riggs, Nath Holleman, Hobson DuBoise, Leodel Coleman and Bill Bowen.

The charter members are:

Blue Devils Reidsville, 19-6, Friday

Robert Groover Highlights Game With 72-Yard Run

By G. C. COLEMAN.

Sparked by a brilliant seventy-two-yard run for glory dirt by Robert ("High Gear") Groover, the 1940 edition of the Statesboro High School Blue Devils defeated the Reidsville High School, 19 to 6, Friday night on the local gridiron.

Friday night's opener, witnessed by 1,200 local and visiting fans, lifted the curtain on a Blue Devil eleven, bristling with spirit, which uncoiled a varied and baffling attack that proved a nightmare to the puzzled Reidsville aggregation.

The blue-jerseyed boys scored each of their three touchdowns in a different way. The first score came in the second period after Reidsville had marked up their own sixth points. The second score came in the third frame and the third happened on the first play of the final quarter.

Reidsville scored on a lucky break early in the first period. After an exchange of kicks, Charles Britain, playing in the safety position, found a catch difficult to handle and Reidsville recovered it when he lost it.

Blue Devils Meet Metter Friday Night

Spirits running high and still re-echoing over their 19-6 win over Reidsville High school last Friday night, Statesboro's football eleven leaves here tomorrow at noon to journey over to Metter for their second game of the 1940 season.

The game, to be played on the newly lighted Metter field, will be the first encounter for these two teams in approximately ten years. This is the first season in eight years that Metter High school has had a football team.

Coach ("Cool") Vandiver, after winning a victory over the Reidsville team in Statesboro through his team's victorious opening game, has been putting his boys through a series of scrimmages of practice. The weather has been just right for football and the whole squad has been going through their routines with pep and fight all week.

Metter's first football eleven in eight years boasts of a heavy line and a set of fast backs which are no less freight trains. Naturally, there will be a certain amount of inexperience to be found. Metter has met one for this season, that being the highly-touted Millen eleven, which was victorious by three touchdowns, 19-0.

Summing up everything on paper it looks as though Statesboro will have a "walkaway" game tomorrow night. But one must remember that figures before the contest don't always tell the results and it is known fact that anything can happen.

Game time has been scheduled for 8 o'clock.

Prather-Sharp Wedding Of Interest Here

Prather, of Jacksonville Beach, Fla., formerly of Sylvia, and Washington, Ga., and Robert Sidney Sharpe, of Sylvia, was solemnized Saturday afternoon, Sept. 28, at 5 o'clock at the First Baptist church, Washington, Ga., with the Rev. Weyman C. Reese, pastor of the church, officiating.

Palm and ferns as the background were interspersed with a number of seven-branched candles filled with white tapers. Urns of white gladioli, and other cascaded clusters of white dahlias and white asters were arranged in the ceremony.

A program of nuptial music was presented by Mrs. Henry Standard, of Washington, Ga., organist, who used the traditional wedding marches and played "Liebestraum" and "Ave Maria" during the ceremony. Miss Elizabeth Brooks, of Washington, sang "I Love You Truly" and "Because," and Miss Martha Combs, of Washington, sang "O Promise Me."

Ushers were Dub Prather, of Jacksonville Beach, brother of the bride; Randolph Cooper, Joe Johnson, Russell Moore, Will Robert Griffin and Elliott Hagan, all of Sylvia, and Bill Kennedy, of Jacksonville.

The bridegroom's best man was his father, Sidney Sharpe, of Sylvia.

Miss Kate Norman, of Washington, Ga., was the bride's maid-of-honor and Mrs. W. C. Strickland, of Indianapolis, Ind., was the matron-of-honor.

The bridesmaids were Miss Mary Lovett, Sharpe, Miss Emily Williams and Miss Elsie Minney, all of Sylvia, and Miss Jean Smith, Miss Bobbie Smith and Mrs. Jake Smith, all of Statesboro. They wore romance blue taffeta frocks fashioned like the gown of the bride and their arm bouquets were like those of the maid-of-honor and the matron-of-honor.

The lovely bride entered with her father, H. A. Prather, who gave her in marriage. Her bridal gown was of white tulle made with sweetheart neckline. The dress, made with tulle and lace, was long sleeved, formed a peacock train. Her veil of illusion lace was held by a Juliet cap made with pearls and orange blossoms. She carried a bouquet of bride's roses showered with lilies of the valley.

After the wedding a reception was given by the bride's parents at the "Cedars" to which the wedding party, bridesmaids and the out-of-town guests were invited.
